

Medical Office Assistant with Health Unit Coordinator

Diploma

Program Introduction

With the aging population, the tremendous advancements in technology, and our demand for the best quality of life, the healthcare industry is facing a growing shortage of well trained personnel. Throughout the North American healthcare industry, there is an acute need to increase the size of the workforce, and raise the skill level of that workforce.

This program is designed to provide employment-ready and comprehensively trained graduates. Successful graduates will achieve the Certified Medical Assisting Professional (CMAP) designation in addition to their diploma. These graduates are fully qualified to work in a hands-on administrative and clinical support capacity in the medical industry.

Admission Requirements

- Completion of Grade 12 or equivalent, OR
- 18 years of age or older with successful completion of the Mature Students Admissions Test, Wonderlic SLE with minimum 18 score; AND
- Completion of Wonderlic SLE with minimum 18 score; AND
- Adequate level of physical health to be able to fulfill job requirements; AND
- Good command of the English language – both written and verbal; AND

- Resume and Placement Preference Sheet at least 30 days prior to placement; AND

- Non-disclosure or confidentiality agreement may be required; AND
- Clear Criminal Record Check, submitted 30 days prior to placement, AND
- Interview by Host may be also required prior to placement. The host has a right to choose whether or not to accept the student based on the results of the interview and program marks.

Program Notes

Financial assistance may be available to qualified students

Graduation requirements: students must achieve a minimum program mark of 75% to obtain a diploma, as well as the successful completion of a 160 hour Clinical Preceptorship.

Of Interest To

This program is of interest to individuals with a strong desire to work as an integral part of a healthcare team who also:

- Enjoy performing a variety of responsibilities in a caring, gracious and professional manner
- Place a high value on confidentiality, discretion, support, and detachment
- Have a keen interest in attaining knowledge in the healthcare services field
- Demonstrate a strong personal and professional commitment to achieving excellence in a healthcare administrative capacity

Program Objectives

This program provides students with the base knowledge, skills, and work experience to become permanently employable in a medical setting. Skill development is delivered in three areas:

- Comprehensive medical administrative knowledge, which includes medical terminology, anatomy and physiology, pharmacology, medical office and clinical administrative procedure
- In-depth hospital administrative knowledge of nursing units, emergency response codes, infection control and treatment procedures, including an understanding of mental disorders and treatments, workplace ethics, and processing medication, laboratory and doctors' orders
- Full range of computer and office skills, including current software applications, keyboarding skills, bookkeeping, and personal and professional development
- On-site work experience through participation in a 160 hour Clinical Preceptorship at an approved healthcare facility

Method of Delivery

Combination of:

- Integrated Learning™ System training facilitated by Academy of Learning College facilitators
- Online training supported by Academy of Learning College facilitators or online instructors OR Instructor-led
- Placement
